Don't miss this unique opportunity to learn

From A Press Release:

Pat continually strives to find new and better ways to present information. He is particularly interested in ways to motivate an animal's desire to learn. This approach underpins his successful work with dogs and is Pat's stock in trade. He has trained many dogs to the AKC Master Hunter level, including Chesapeakes, Flat-Coats, and the first Irish Water Spaniel Master Hunter. Pat personally trained 11 dogs that went on to complete their Field Champion titles. In addition, he trained and helped develop dogs that were awarded nine other Field Champion and Amateur Field Champion titles. He has placed Labs, Goldens, and Flat-Coats in Field Trials, and trained dogs that were finalists in both the National Open and National Amateur Championships.
